

Inspired thinking to optimize your unique operation.

CH2M HILL OMI brings innovative ideas, teamwork and a proven record of success to every operations and maintenance project. Whether you're facing regulatory compliance issues or need short-term staffing assistance, we find solutions and systems that optimize your operation and help protect your assets. As part of a true partnership, we work together with both managers and employees to develop, pursue and achieve common goals. With CH2M HILL OMI as part of the team, your water or wastewater operation will emerge as a model of efficiency.
